Effective May 2, 2022

Presale Testing

Both a Lateral and dye test are now required to sell property in North Versailles

- 1) *Print and complete all line items on application found on the NVTSA website. Return with associated fees*
- 2) *Fresh Air Vent and Clean out are necessary to Pass*
- 3) *Hire and retain a NASSCO certified plumber to perform the CCTV lateral test. Plumber must make arrangements With NVTSA to have a representative present during the lateral inspection. We will have staff available Monday and Tuesday at 9:30 am, 11:30 am and 1:00 pm. NVTSA staff **must** be there and receive the video from the plumber. Plumber will fill out his information On the field inspection sheet.*
- 4) *NVTSA representative will still perform dye test.*
- 5) *All information will be sent to the Township Engineer for review. Once NVTSA receives the information back from*

The Township Engineer (7 to 10 days) the Certification will be completed and sent out.

We have researched for NASSCO certified plumbers for your convenience (This is not an indorsement from the Sanitary Authority)
